Bathrooms**

SUPERIOR AS STANDARD

# Welcome to Lakes Bathrooms

Of all the rooms in your home, the bathroom should be a space for refreshment and relaxation – a place to invigorate and prepare for the day ahead or to return home, unwind and pamper mind and body.

In our book, this book, that means you and your bathroom deserve the best. Products which will serve you day after day, shower after shower – simple, elegant, practical and faultless.

Tewkesbury Warehouse

## Superior as standard

Our name may be unfamiliar to you but we have been a leading manufacturer and supplier of shower enclosures, doors and bath screens to the trade for more than 20 years. We are trusted and recommended by professional stockists and installers who appreciate both the value and values our products represent.

As an independent, family run firm, quality really does matter to us, in how our enclosures perform and in how we perform supporting our customers.

It's why we use only the finest materials, and it's why you'll find a lifetime guarantee on shower doors, enclosures and bath screens for domestic application, protecting you against any manufacturing or material defects. If it's our fault we won't quibble and we'll supply any replacement parts totally free of charge.

Then comes our AllClear coating. You can read all about its benefits over the page but in a nutshell it means you can enjoy more time cleaning your skin and spend less time cleaning your shower.

Some other manufacturers offer similar coatings as an expensive extra. At Lakes we're fanatical about the many benefits of our AllClear coating and want all our customers to experience it at no extra cost – hence 'superior as standard'.

Quality Craftsmanship

## From brochure to shower

If you have come to Lakes through one of our stockist or installer partners we are sure you will be very happy together and they will be pleased to answer any questions you may have.

If you need to find your nearest stockist, or if we can help in any way, by all means call us during office hours on **01684 853870** or visit **www.lakesbathrooms.co.uk**

## Choose choice

Even with our experience we have never seen two bathrooms that are exactly the same.

Which is why we offer such a wide choice of designs and styles, arranged in two collections, to help you bring your ideas to life from a simple en suite to a designer wet room.

# AllClear®

## The eco-friendly stay-clean coating

We believe your shower time should be lavished on you, not be spent cleaning and scrubbing the enclosure.

It's why our AllClear stay-clean coating is standard on every product in our collections.

AllClear's advanced technology effectively cleans your shower for you, repelling water, lime scale and soap scum so a quick wipe is all that's needed to keep that 'as new' sparkle, and it's kinder to the environment too.

Watch the movie online

We've made a short and informative movie that illustrates just how effective AllClear is, which you can view online at [www.lakesbathrooms.co.uk/allclear](http://www.lakesbathrooms.co.uk/allclear)

Treated with **AllClear®**

Untreated glass

## How does it work?

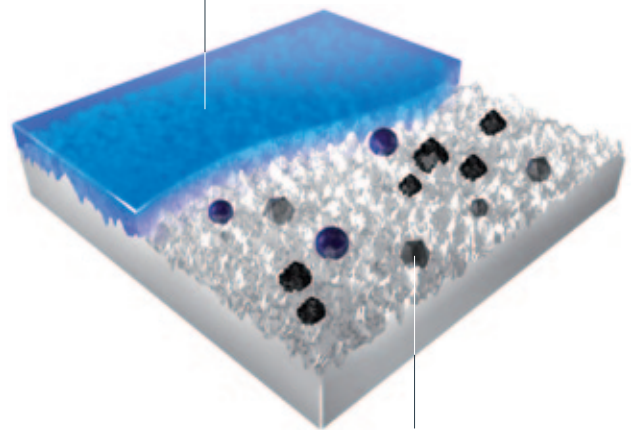

Look into a microscope and you would see that standard glass actually has a pitted surface to which water, lime scale and soap scum can cling, building up with every shower and requiring regular scrubbing to keep your enclosure clean and hygienic.

Inspired by nature, AllClear coating forms an invisible, microscopically smooth shield to prevent this build up of grime.

AllClear's hydrophobic properties cause water to run off freely, washing away residue and dirt as it goes.

It's an amazing effect which has to be seen to be believed – one reason why we've produced a demonstration movie so you can see the AllClear magic for yourself.

AllClear protective coating actively repels water and grime to stay looking cleaner for longer

Water and grime cling readily to untreated uneven glass surface

**eco FRIENDLY**

## Good for you, better for the environment

AllClear is truly eco-friendly. Water sheets off the coated glass, washing away soap scum and grime as it goes, so it's more hygienic and with less bacteria there's less need for harsh chemical cleaners – which is kind to the environment and to your pocket.

## Free to enjoy

Many manufacturers charge in excess of £100 to apply similar coatings as an optional extra. Only Lakes brings you the extra benefits of AllClear protection on both sides of the glass at no extra cost. **AllClear is guaranteed to outperform untreated glass for 3 years** so you're free to enjoy every refreshing minute of showering.

## Clearly better

AllClear not only means superior performance, it's a superior product in its own right, proven to outperform other coatings on the market.\*

Glass coated with AllClear also has greatly enhanced impact and abrasion resistance and 20% more brilliance.

\*Conclusion derived from extensive tests conducted by the Institute for Glass Science and Engineering, New York.

You can sample the AllClear effect in your own home. Just visit our website at [www.lakesbathrooms.co.uk/allclear](http://www.lakesbathrooms.co.uk/allclear) to request a free AllClear sample wipe which you can use on your existing enclosure to see the amazing AllClear effect. It can also be applied to other glass, tile, porcelain, granite, metal, vinyl and plastic surfaces in your home.

Please note that although the towelette uses the same AllClear technology it is not as robust as the **ULTRA™** coating applied to our enclosures in perfect factory conditions.

## Optimised performance

You can also purchase the **'Surface Protection System'** kit in our online shop to help keep your AllClear enclosure performing at its best throughout its guaranteed period.

## Find the shower for you

If you've got as far as our brochure, you're probably already juggling all sorts of options from room layouts and shower types to tiles, taps, flooring and furnishing.

Our two Collections are designed to fit with your plans or inspire new ideas; to

blend in with other elements or to stand out as the focal point of a bathroom.

The Classic Collection reflects its name – stylish, versatile and elegant.

By contrast, Coastline is the last word in glamorous showering – contemporary, sleek and luxurious.

## Classic style

From urban chic to Victorian splendour, bathroom design is very much a personal choice.

Our **Classic Collection** of enclosures and screens, available in an anodized silver or clean white finish, have been designed to complement and enhance any space.

Simple, clean lines, smooth running doors, effective seals, functional handles and hinges and a wide choice of styles give you the freedom to create your dream scheme.

Plus of course you have the superior performance of our AllClear coating to enjoy as standard.

## The natural beauty of Coastline

Sculpted from the strength and simple beauty of 8mm toughened safety glass panels, each design in the **Coastline Collection** brings the pleasure of walk-in showering to life.

Subtle variations in size and arrangement mean there's a design to complement most room plans and each enclosure can be installed as a wet room or accompanied by an elegant low profile shower tray.

With AllClear coating as standard throughout, Coastline combines chic continental style with easy clean practicality for a lifetime of showering pleasure.

## **Specifications, Shower Trays, Accessories & Cabinets**

The same high standards we employ in the manufacture of our enclosures and bath screens are reflected in our shower trays, accessories and bathroom cabinets.

# Specifications

Quality is all about detail and whichever enclosure you choose you'll find real attention has been paid to every aspect of design, function and finish.

**Please note:** All measurements are approximate and subject to change without prior notification. All product images are for illustration only and subject to change without prior notification.

## Frames

Our elegant aluminium frames are available in two distinctive finishes. Choose from anodized polished silver or a clean white powder coated finish. All enclosures, doors and screen heights are measured from the top of the tray or bath.

Choose from White Powder Coated or Polished Silver Anodized finish

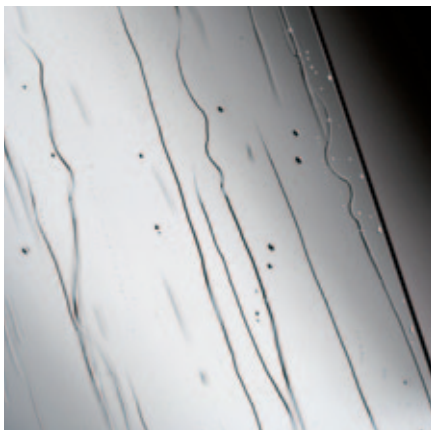

Semi-Frameless Concealed Fixings

Semi-Frameless Cover Caps

## Safety Glass

In cheaper enclosures it's often the quality of the glass which suffers. Our Coastline Collection and the Shower Screen on page 49, however, are sculpted from superior 8mm toughened glass throughout, whilst our other enclosures, doors and bath screens utilize 6mm toughened safety glass approved to BSI EN12150-1.

Toughened Safety Glass

## Handles

Smart and practical bow handles in matching stainless steel or white are generally fitted to all semi-frameless enclosures. Towel rails are supplied where specified.

Stainless Steel Bow Handles

## Extension Profiles

Our high quality extension profiles can be used to bridge gaps in non-standard sized openings.

Aluminium Extension Profile

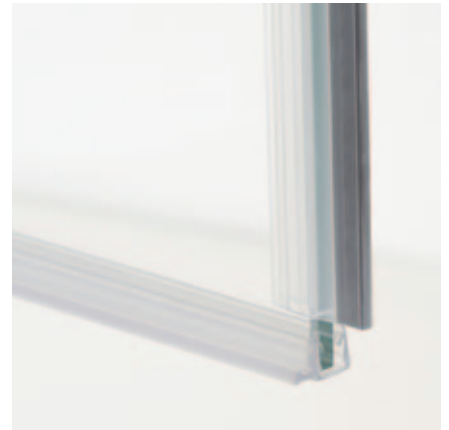

## Doors and Seals

All our doors are fitted with an easy glide mechanism and full height magnetic water seals to provide positive closing. All sliding doors in the semi-frameless range feature roller bearings and clips, which are adjustable to allow for fine tuning of door alignment and clip out to allow for easy cleaning.

## Flexibility

Many of our products can be made available in special heights and widths. Please contact Lakes Bathrooms for more details.

## Additional Strength

Bracing arms provide additional support, strength and safety for all double panel bath screens and our elegant Compartment, Walk In and Shower Screen enclosures.

## Adaptability

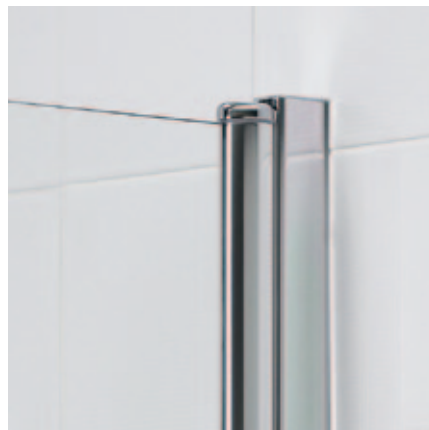

For the perfect finish every enclosure has an adjustment for out of true walls built into each wall profile. The full range of tolerance is shown in the dimensions chart on each page.

## Versatility

To match your room design all enclosures, doors and bath screens are designed for left or right hand fitting. However, please consult Lakes Bathrooms before ordering to ensure compatibility with site conditions.

# Shower Trays

In response to customer requirements, we have reintroduced classic stone resin trays to complement our contemporary lightweight designs.

The complete range is available in a choice of styles, each with a high quality surface finish.

Our lightweight trays (max 25kg for the largest size), made from durable Acrylic Capped Resin (ABS) or sheet moulded compound (SMC) all have a 40mm low profile. The traditional stone resin versions are available as a 45mm low profile or in standard 80mm height.

from **£98.40** Inc. VAT

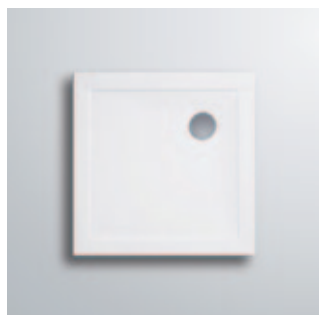

**Please note:** There is an additional £10 delivery charge when ordering a single tray without an enclosure.

# Tray Ranges

## Standard Tray Shapes

Trays can be supplied to fit all models. Quadrants are designed to fit a 550mm tray radius. All Walk-In enclosures may be fitted to a wide range of tray sizes; please contact Lakes Bathrooms for advice. Certain trays may vary slightly from those shown.
